Patients who do not meet the financial indigence criteria shall be billed privately. All such bills shall be subject to the below Section V. Patients who are eligible for Medicare Part B benefits shall be responsible for the coinsurance amounts in addition to amounts not covered under Part-B.

### **Section V**

Kindred Hospital(s) Business Office staff have the authority to decide whether patient debt is advanced for collection. Kindred Hospital(s) Business Office staff shall evaluate each self-Pay account to determine whether they should be sent to legal counsel or to IVAR (a third-party collection vendor). IVAR generates statements and performs collection efforts for a period of 180 days.

Prior to commencing any collection activities, Kindred Hospital or IVAR will provide the patient with a notice that advises the patient that nonprofit credit counseling services may be available in the area, and contains the following statement:

State and federal law require debt collectors to treat you fairly and prohibit debt collectors from making false statements or threats of violence, using obscene or profane language, and making improper communications with third parties, including your employer. Except under unusual circumstances, debt collectors may not contact you before 8:00 a.m. or after 9:00 p.m. In general, a debt collector may not give information about your debt to another person, other than your attorney or spouse. A debt collector may contact another person to confirm your location or to enforce a judgment. For more information about debt collection activities, you may contact the Federal Trade Commission by telephone at 1-877-FTC-HELP (382-4357) or online at [www.ftc.gov](http://www.ftc.gov).

This notice must be included with any document indicating that the commencement of collection activities may occur.

Before assigning a bill to collections, or selling patient debt to a debt buyer, Kindred Hospital shall send the patient a notice with all of the following information:

### Debt Collection Policy

- (1) The date or dates of service of the bill that is being assigned to collections or sold.
- (2) The name of the entity to which the bill is being assigned or sold.
- (3) A statement informing the patient how to obtain an itemized bill from the hospital.

(4) The name and plan type of the health coverage for the patient on record with the Hospital at the time of services, or a statement that the hospital does not have that information.

(5) An application for Kindred Hospital Charity Care and/or Financial Assistance.

(6) The date or dates the patient was originally sent a notice about applying for financial assistance, the date or dates the patient was sent a financial assistance application, and, if applicable, the date a decision on the application was made.

**Information obtained by Kindred Hospital from income tax returns, paystubs, or other forms of income documentation as part of the eligibility process for Charity Care and/or Financial Assistance shall not be used for collections activities.** However, Kindred Hospital may use information obtained (by itself or through a collection agency or an assignee) independently of the eligibility process for Charity Care and/or Financial Assistance.

If an account is deemed uncollectable it shall be returned to the CBO 180 days after being placed with IVAR and written-off. Bad debt will only be sold to third parties pursuant to a written agreement containing the conditions identified in 501(r) (6) and AB 1020, including those requirements set forth in sections 127400 *et seq.* of the California Health & Safety Code, and the terms of this policy, including the standards for an extended payment plan found in section III.D.

In no event shall bad debt of a patient be sold to a third party unless the patient has been found ineligible for financial assistance or the patient has not responded to any attempts to bill

or offer financial assistance for 180 days. If a patient is found to be eligible for Medi-Cal after the patient’s bad debt has been sold to a third party, the Hospital must notify the third party and instruct it to cease collection efforts and notify the patient that such steps were taken.

In no event shall a third party to which any bad debt has been sold use wage garnishment or a sale of a patient’s real property as a means of collecting bad debt, except as expressly permitted under California Health & Safety Code section 127425(h)(2).

Neither Hospital nor any third party to which any bad debt has been sold will commence civil action against the patient for nonpayment until 180 days have passed since initial billing. (This time period shall be extended if the patient has a pending appeal for third-party coverage of the services.) Neither Hospital nor any third party to which any bad debt has been sold will furnish information regarding a medical debt to a consumer credit reporting agency. “Medical debt” means a debt owed by a consumer to a person whose primary business is providing medical services, products, or devices, or to the person’s agent or assignee, for the provision of medical services, products, or devices. Medical debt includes, but is not limited to, medical bills that are not past due or that have been paid.
